03/18/12 - Actions Speak Louder Than Words

RG AUDIO 031812Titus 1

I see that the social network *Facebook*® can be a very revealing diary of disgruntled people. I am amazed at what they openly confess to all the world. A proverb tells us, "Even a fool is thought wise if he keeps silent" (Prov. 17:28a).

What are words anyway? They are the expression of a thought. We have to ask some people what they are thinking (although we don't have to prompt many on *Facebook*). By their words they reveal that thought. John says, "In the beginning was the Word, and the Word was with God, and the Word was God" (John 1:1). Christ is the expression of God's thought. Later we read, "The Word became flesh and made his dwelling among us" (v. 14a). Now the words are expressed through action in a living, moving being.

If actions speak louder than words, Christ spoke volumes with his. He expressed who he really is; in fact, who God really is.
