RE- FLECTING GOD

08/20/21 - God is Faithful

RG AUDIO 082021

Psalm 18:40-50

Testimonies can be so powerful and point to the faithfulness of God in so many ways. As a local church pastor, asking for testimonies can be a scary ordeal. I never know what people are going to say, or how long they are going to say it! All joking aside, there is something to be said for a time of testimony; we learn from one another about following God no matter what, and the faithfulness of God.

God has been faithful in the life of my family and I praise God. My great-great-grandparents decided to follow Jesus and because of their faithfulness, my great-grandpa served the Lord, my grandpa served the Lord, and my mom serves the Lord. I praise God for His faithfulness in my family. God has been the rock and savior of my family. Just as David praised God's faithfulness here in Psalm 18, I carry on that praise of God's faithfulness today.

How can you praise God for His faithfulness in your life today?
