RE- FLECTING GOD

02/19/21 - We Shall Behold Him

RG AUDIO 021921

Romans 8:12-21

My grandpa was the holiest man I've ever known. I knew if anyone was getting an audience with the Father, he would. When my grandpa slipped away from this world into the next, I am convinced two things happened. I am convinced that he began planting the ultimate garden, full of exquisite flowers and winding trails of green beans. But before the first seed was dropped, God's glory was revealed in this godly, yet humble man. You see, grandpa had spent his life proclaiming the goodness, grace, and glory of his Savior. As a result, God's glory was revealed in him.

Our turn is coming! The Bible says we shall behold Him. One day every Christ follower will lay physical eyes on the One they've loved so deeply through the eyes of faith. We will be able to experience our Savior with all our senses. We will feel His actual touch and see His actual presence. Our pain will be no more. Perfect clarity will be ours. We will be one with the Father.
