

The Great Pursuit

Description

[RG070810](#)

Pursue: an unrelenting quest—as hounds on the hunt following the scent of prey, without regard for obstacle or adversity.

People have all sorts of pursuits: career, money, fame, automobiles, collectible art, pleasure, leisure, success at one thing or another. Some are temporarily engaging diversions. Others are impassioned pursuits to which lives are entirely devoted.

Pursue like nothing else matters. Keep on pursuing with a passion that is undeterred, relentless, and focused on righteousness. The pursuit of righteousness leads to life—abundant and blessed. Everything bargained for and more!

Pursue the heart of God and right standing before Him. The Lord will give you victory and make your way to prosper. His loving kindness, abundant life, and glory will be the forever reward.
