

## The Word of Creation

### Description

[RG010910](#)

John 1:1-14

God always acts through His Word.

His Word was the creative agent by which light was separated from darkness, the waters were parted, the dry ground formed, and life bloomed. At His Word, sun, moon, and stars gave forth light; the sea teemed with life; animals filled the earth and birds the sky.

This Word is no impersonal force, it is a Person. This is the Word that “became flesh” in the womb of a Jewish maiden. This Word, John tells us, “made his dwelling among us.” Moses gave God’s commandments to the Israelites carved on two tablets of stone, but “grace and truth came through Jesus Christ.”

This Living Word is still the agent of God’s creative power.

Into the darkness of our sin, Jesus brings the light of God’s truth. The work of creation continues, the Word still speaks.
