

The Counting Christ

Description

[RG040211](#)

Luke 20:41-21:4

Make no mistake, God knows everything that is going on! From the number of hairs on our heads to the smallest corridor of our hearts, the Lord knows all about us. It is possible to fool ourselves, but it is impossible to fool God.

Jesus penetrates the heart and knows its secrets more intimately than we do. The widow in the gospel of Luke had so little to live on, but her faith and love for God provided so much more. She gave out of her poverty, and Jesus knew it!

When we give time to others from our busy schedules, Jesus knows it. When we give energy from our tired bodies, Jesus knows it. It is quite possible that not only is Christ counting, he is counting on it!

In just a few weeks, we will celebrate Christ's resurrection. What a wonderful time to give an invitation to a family member or friend to attend services with you. It might seem small, but it could be the biggest gift you give.
