

No Longer Alone

Description

Romans 8:9-17

A man was asked what changed first in his life following his conversation to Jesus Christ. He answered, "I knew I wasn't alone any more. I did not understand all about Christianity. I did not know much about the Bible. I knew even less about the Holy Spirit. My struggles did not suddenly end. But I knew Jesus had come into my heart. Decades later, the world is different, and I am different, but he is still there. He has never left me."

A man who had gone to church most of his life attended a Christian retreat for men. He came home a changed person. He said, "I have gone to church my entire life. I have tried to live a good life. But I never understood that Jesus could live in my heart. It has changed my whole life."

Many persons identify themselves as Christians. When Jesus lives in our heart we know it! When Jesus lives in our heart, others will know it too.
