09/19/11 - Living In A Hole

RG091911

Exodus 14:1-14

Our homeowner's association newsletter wasn't quite perfect. On one occasion, this note appeared:

Secretary's Update

The board would like to recognize [our] homeowners for their efforts and hard work in maintaining and elevating the value of their properties. This reflects positively on the community as a hole. H-O-L-E.

Some may have thought the neighborhood was a "hole" but I thought it was pretty nice. Certainly the secretary meant to say "whole" W-H-O-L-E not "hole" H-O-L-E. Just one letter makes a world of difference.

Are you living in a hole? That can happen when you leave out one simple thing; one little important letter. You omit things like respect, honesty, faithfulness, or trust.

Do you feel trapped in a hole? I know some "w's" that can make your life whole. Try *waiting* on the Lord today. Try *walking* in the light. Try *worshiping* our wonderful Savior. (emphasis added)
