

We Are His House

Description

[RG AUDIO 011015](#)

Hebrews 3:1-6

A house: It's that space on earth in which to make a home—a dwelling place. It's a place that calls, that welcomes and embraces. It's a space for peace, security, companionship, a place for rest, renewal, communication, comfort, and care. It's a place for meal time delight, fellowship, and fun; a place to entertain and enjoy guests, to base operations, to dream up acts of kindness, and to scheme to send them forth. It's a place where one welcomes others and enjoys fellowship. A house: a place of atmosphere, with an ethos, a character, all its own.

A house: It's about dwelling, abiding, life and living.

A house: A house for Him. You are His house. A living one in which He dwells. It's about relationship, wholeness, communion, fellowship—all unseemly things banished—for the glory of His incredible life!

Welcome the Builder, make Him the honored Guest, give Him all the keys—and enjoy!
