Hebrews 4:14—5:10

Look across the Grand Canyon, what an awesome view! The incredible expanse from rim to rim; the breathtaking depth! And, from where I stood, there was no way across! When humankind turned from the Creator to become their own god, an incredible chasm separated Maker from created ones. Now, what? No way across!

“A priest,” wrote H. Ray Dunning, “as indicated by the Latin term from which it comes, is a bridge builder creating the possibility of traffic both ways—from God to humanity as well as from humanity to God.”* Christ, the incarnate Son, provided the way across—the priestly bridge! Down he descended, though God, He was incarnated into human flesh, took the form of a slave, stepped even further down to death of the lowest kind—crucifixion—and that by the hand of those He came to save! (see Philippians 2:5-11).

As regards One to represent us to God and to bring God to us, how can you go higher than Jesus the Christ! I have full confidence in Him. Shall we together?
