RE- FLECTING GOD

05/14/15 - A New Heart

RG AUDIO 051415

Ezekiel 36:22-32

Our friend John lived for many years with heart trouble. In the last twenty years He had everything from stents to open-heart surgery. Finally, the doctors told him his heart was just worn out. The only way to have any quality of life at all was to become a candidate for a new heart. So his name went on the list.

Surprisingly, in only four months he got a phone call. A new heart was available. It was his blood type and he needed to be at the hospital within six hours to receive his heart. After the surgery, John began to feel better almost immediately. He had been given a new lease on life and he could begin to enjoy the things he had missed for all the years of his illness.

God seeks us today. He says in Ezekiel 36:26, "I will give you a new heart and put a new spirit in you; I will remove from you your heart of stone and give you a heart of flesh."

Let Him give you a heart transplant. Become a new person in Him.
