Acts 13:32-43

Life is full of incredible benchmark moments that shape us. Forever in our minds, etched in our memories, are the incredible things that happen to us that we never thought possible. We remember the sights, the smells, the events, the people that we were with, and the awesome healing or personal touch we experienced. May we never forget, but may we also remember that life is more than a moment.

There is a movement taking place around us and we are invited to be part of it. The grace of God that transformed us in those moments is perpetual and ongoing each and every day. It's more than an emotional moment that we can remember. It is happening now in the normal rhythms and routines of life. His mercies are new every day and there's a freshness to His grace to be experienced by us.

As God's grace grows within us, people are drawn because they see something different happening inside us. John the Baptist declared, "He [Jesus] must become greater; I must become less" (John 3:30). Growth is yours—make it your reality.
