RE- FLECTING GOD

09/20/20 - Beautiful Feet

RG AUDIO 092020

Isaiah 52:1-7

When I think of beautiful things, different images come to mind, not a single one of them has anything to do with feet. Feet are not beautiful. Sometimes they are stinky and smelly. To be quite honest, they look a little funny. People spend a lot of time and money covering their feet.

Isaiah 52 reminds us that when we bring good news, God takes the things that are stinky and smelly and makes them beautiful. I don't think this verse is referring to smooth heels or perfectly manicured feet. The beautiful feet in Isaiah 52:7 are cracked from lots of walking to deliver the good news. These cracked feet are connected to beautiful people, created in the *Image of Christ*, who are doing exactly what we were created for. These feet are walking with Christ and sharing the Good News: Christ is our hope. That is loving God and loving others.

Today look for ways to be who you are in Christ. Look for ways to have beautiful feet and bring good news of hope to those around you.
