RE- FLECTING GOD

02/20/21 - Permanent Vacation

RG AUDIO 022021

Revelation 21:15-27

At the end of a good vacation most people are ready to get back to their routines. After all, having that much fun is hard work! However, have you ever been on a vacation so wonderful that you wish you could just live the rest of your life in that moment? Where did you go? (Or where would you go if you haven't made it there just yet?) What did it smell like? Look like? Taste like? How did it feel? What exactly made it the epitome of perfection, restfulness and bliss?

I imagine living in God's eternal glory will be like living in that perfect moment forever. The world will tell us that it sounds too good to be true, but we have proof that the blood of Christ paid for our tickets. We have confirmed reservations for the vacation of a lifetime, complete with first class accommodations. We are the bride of Christ and basking in God's eternal glory will be the celebration of the vows He has made to us. It will be the reward simply for saying "yes" to God's invitation from the cross.
