# RE- FLECTING GOD

**04/14/21 - Conquering Kind of Love**

RG AUDIO 041421

Romans 8:33-39

Most of us desire to accomplish something and make a difference each day. We never want to see the ordinary and the routine of life as something that does not matter. In God's perspective everything that matters to us, matters to Him. What concerns us is never too small, or too big, for God's notice.

To be a conqueror, something or someone must be defeated. Jesus conquered sin, death, hell, and the grave for us. He was the ultimate conqueror. We now can be conquerors through His Spirit at work within us.

In this life we have troubled relationships, hardship, health issues, and the list goes on and on. Yet, these things can never separate us from God's conquering love. This passage mentions trouble, hardship, persecution, famine, danger, and even death. Confidently we can stand on this truth and be assured that none of these things can ever conquer us in this life.

This great love that Christ Jesus has for us, helps us to conquer every trial. Trust in the conqueror.
