

You Are Godâ??s Answer

Description

Judges 6:13-22

Hesitant Gideon hears the Lordâ??s call and balks at being Godâ??s choice. Being from the weakest clan and the least of the family, he is obviously disqualified. Someone with better resources and competence should be chosen. Gideon also protests the promise that God is currently nearby.

Doubtful of himself, Gideon is also curiously confident that what he sees is all that exists and that God can only act how Gideon expects. But Gideon is Godâ??s answer to change the current status quo and bring deliverance. Unlikely Gideon is meant to become an active part in Godâ??s plan.

Gideonâ??s inadequacy and weakness strangely qualifies him for this mission that requires trusting more in Goda??s presence and strength than oneself. God works with doubtful Gideon, even giving The Foundry Public him a sign that God really is present, but God doesnâ??t withdraw the call for Gideon to go and get involved in the world God wants to redeem.
