

Pouvoir pour nous

Description

Ephesians 1:15-23.

Did you hear what is available to us? It's almost too good to be true: His incomparably great power for us who believe.

What does that mean for you and me? It means that words like "I can't" and "impossible" should not be in our vocabulary. What can God not achieve in your life if you allow Him? Is there a habit too difficult for Him to break? Is your temper unable to be controlled? Is your marriage too impossible for Him to repair? Are those things (or any trouble that may befall us) harder than raising from the dead? No!

Jesus Christ is alive! He has resurrection power. He is seated at the right hand of God. That's ascension power. He is higher than everything ever created. Call it dominion power. That same power is at work in us if we believe!

Whatever one may think is impossible or out of the range of comprehension, with God, it suddenly becomes manageable and possible. The "I can't's" are chased away when God is on the scene. The impossibilities in life are nothing when our resurrected Lord takes control.
